READING THIS DOCUMENT

Outlined pills are live download links. Contrast badges use WCAG 2.x. "Proof first" values need a printer proof before production.

01 Logo system & variants

Clear space equals one brick height on all four sides — never crowd the mark.

Use the mono mark by default; the color mark is reserved for brand moments and covers.

Reversed (white) mark on Element Ink or any dark field at or above AA contrast.

Never stretch, rotate, outline, add effects to, or re-map the brick colors.

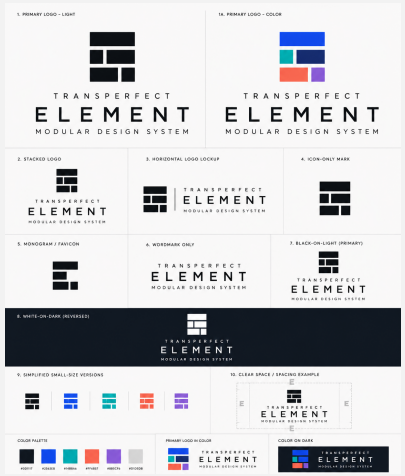

Below 24px use the monogram; drop the 'MODULAR DESIGN SYSTEM' descriptor below 120px lockup width.
