READING THIS DOCUMENT

Outlined pills are live download links. Contrast badges use WCAG 2.x. "Proof first" values need a printer proof before production.

01 Identity & logo usage

Supplied artwork for TransPerfect Legal at Legalweek 2026, NYC, March 9–12, Javits Center (North). Theme: “Experience the next wave of legal technology.” Every piece is the designers’ own file, unchanged.

No separate logo files were supplied; the TransPerfect Legal mark appears inside each piece.

No logo don'ts were supplied for this event; none are invented here.

02 Colour & reproduction

Read straight from the live files (April 2026 package). Screen colours are exact values from the email-header Illustrator file and the Photoshop fill layers. Print builds are exact from the pillar-sign Illustrator file; their hex is only a screen preview made with that file's own colour profile (U.S. Web Coated SWOP v2). No Pantone was specified anywhere, so none is listed. The Illustrator swatch panels hold only the default Spanish swatch set, not brand colours.

Header and monitor backgrounds	a Deep navy ground with a Bright blue glow (multiply, 82 %) and Aqua light layers at 57 % and 70 %.
